

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund.

I RARELY make long distance calls--we cant afford to. I use my wireless Tracfone because I have had injuries in the past and must have emergency phone with me when I go out.

My phone bills in my house phone are too high as it is, with all the mandated taxes, etc.

Keep the USF Fair!

Sincerely,
